

KANSAS SPECIAL HUNTS

2009
APPLICATION DEADLINE

DRAW 1: AUGUST 1, 2009

DRAW 2: OCTOBER 1, 2009

INTRODUCTION

Special Hunts are part of the Kansas Hunter Recruitment and Retention Program called “PASS IT ON.” This program addresses the need to recruit new hunters and retain existing hunters in order to ensure the future of hunting in Kansas.

Special Hunts offer high-quality hunting opportunities. The majority of hunts provide new opportunities on public areas traditionally closed to hunting. These hunts provide a less crowded experience with better harvest opportunities than normally associated with public wildlife areas. While providing excellent opportunities to introduce new hunters to the sport, special hunts have also proven popular with current hunters looking for better hunting. Persons with impaired abilities also find this program offers ideal opportunities to participate in hunting. Special hunts are not designed to provide a guaranteed limit and may not appeal to hunters who have already secured numerous good hunting opportunities, although they are open to everyone.

Some hunts are available to youth only while novice hunts allow youth and adults who have never hunted to participate. Both youth and novice hunts require adult mentors to supervise in the hunt. Mentors are allowed to hunt in Mentor-novice and Mentor-youth hunts. Make sure you understand the type of hunt

being offered before applying. If these hunts interest you, fill out an application. There are no application fees, but purchase of appropriate licenses, certificates, permits, and stamps is required.

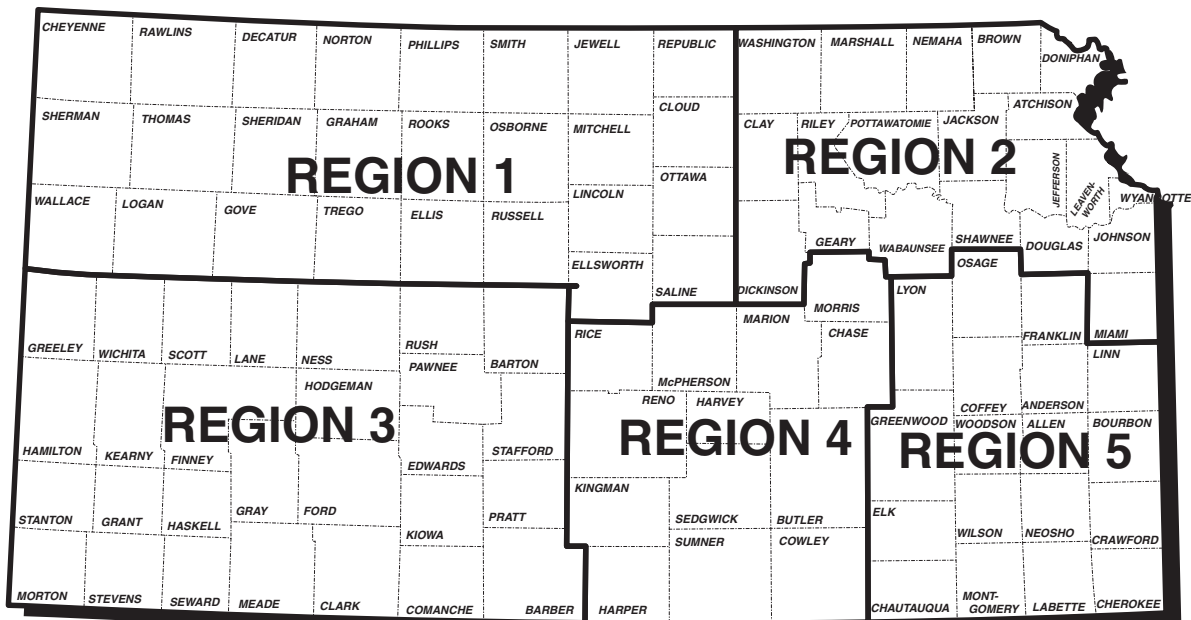

If you need more information or clarification, contact any KDWP office. For special hunt information contact the Fish and Wildlife Division in the Pratt office at (620) 672-5911. Phone numbers for regional KDWP offices can be found on the last page of this brochure. For questions on specific hunts, contact the local area office where the hunt is offered. Applicants successful in the draw will receive more information prior to the hunt.

KDWP ADMINISTRATIVE REGIONS

INFORMATION

- **REVIEW THIS BROCHURE COMPLETELY** before online application.
- Hunts are grouped by administrative regions depicted on the previous page.
- Hunts are also grouped within each region into four **HUNT TYPES: UPLAND BIRD/DOVE, WATERFOWL (GEESE), WATERFOWL (DUCKS), AND DEER.**
- In each HUNT TYPE there are up to three **HUNT CATEGORIES: OPEN, YOUTH, or MENTOR.** Hunt categories for special deer hunts will also include letters A for archery only, M for muzzleloader only, F for firearms, and S for shotgun.
- **OPEN Hunts-** These hunts are available to all persons.
- **YOUTH Hunts-** These hunts require parties to contain at least one youth 18 or younger who must be accompanied by an adult 21 or older. (Some hunts may have more specific age requirements.) Adults may not hunt.
- **MENTOR Hunts-** Hunts open to both youth and novice hunters who are each supervised by a licensed adult 21 or older (mentor).
- A youth is a person 18 or younger.
- A mentor is an adult, 21 years or older, who supervises and/or participates in a hunt restricted to youth or novice hunters.
- A novice is a youth 18 years or younger or any person who has never possessed a hunting license. A one-time apprentice license is available if Hunter Education has not been completed. If Novice applicant is successful they must be accompanied by a licensed adult 21 or older.
- Anyone 16 or older must have completed a certified hunter education course to hunt. Non-Hunter education certified applicants may obtain a one-time deferral that allows the purchase of an apprentice license. The deferral is valid through the end of the calendar year.
- Special accommodations made for disabled hunters upon request. Disabled hunters must possess a valid Department of Motor Vehicle Individual Identification card.
- Locations and descriptions of specific hunts are found in the regional sections.
- Several hunts allow additional hunters to accompany a permittee.
- **NO-SHOWS** – Please make every effort to attend selected hunts.
- Special hunt permits provide only access. All appropriate licenses and permits are required.

APPLICATION PROCESS AND INSTRUCTIONS

- One application per person per draw.
- Apply online at kdwp.state.ks.us. If no internet access is available, application can be made over the phone by calling (620) 672-5911 Ask for Special Hunts.
- Successful applicants will be notified approximately 15 days after application deadline by email (by mail if applying over the phone).
- There will be two application deadlines and two draws, Draw 1 for hunts in September and October and Draw 2 for hunts in November, December, January, and February.
- Application for Draw 2 will not be available until successful applicants from Draw 1 are notified.
- Before starting an application, review the hunts and dates available in the brochure and become familiar with your choices (up to three per application).
- If applying for deer hunts that include more than one day, enter the first day of the hunt only.
- All hunts are listed on the HUNT CODE TABLE (Page 4 and 5) for easy reference. The HUNT CODES are the same for both draws.
- Record the chosen HUNT CODES and HUNT DATES from the HUNT CODE TABLE for application.
- If you have no date preference for that draw period, record the word “ANY” in the date area of the application. If “ANY” is selected as a hunt date, it will be filled with the first available open date within the draw the application was made for.
- Some season dates are not set during the application period, so only date estimates are listed in the Hunt Code Table. Hunt dates will be final when successful applicants are issued hunt permits.
- To assist in date selection, a **Sportsmen’s Calendar** is available in the back of this document.
- Random drawings in each hunt type will determine special hunt participants for each draw.
- Successful applicants for hunts in a state park will need state park vehicle entrance permits to enter the park.
- **UNSUCCESSFUL APPLICANTS WILL NOT RECEIVE A NOTICE.**
- Successful applicants must possess appropriate licenses, stamps, tags, and permits.
- The permit column on the Hunt Code Table indicates the number of permits allowed for each hunt date.
- The 1st choice column on the Hunt Code Table indicates the number of applicants who chose that hunt as a first choice the previous year or that it’s a new hunt.

Help the future of our hunting heritage by serving as a Mentor and take a Novice hunting. Novices include youth 18 and younger and anyone, regardless of age, who has not hunted before. These are the perfect hunts to take a spouse, friend, or a relative that has never hunted before. Some Mentor Novice hunts become family outings with children, parents and friends. Mentors can also participate in hunting on these hunts.

REGION 1

UPLAND/DOVE HUNTS

Opportunities are primarily for pheasant, but some areas have quail also. These are 1/2-day hunts, from 1/2 hour before sunrise until noon on specified dates. The daily bag limits are reduced to 2 pheasants and 4 quail. Mentor hunts require at least one Novice (a youth 18 or younger or anyone who has not previously purchased a hunting license) for each licensed adult mentor. Both the mentor and novice can hunt.
